

Signatera Innovation Award

Natera supports the global healthcare community's independent initiatives to improve patient outcomes in areas of unmet medical need. This year, Natera has allocated \$75,000 for research grants that are focused on the development or refinement of clinical knowledge related to Signatera.

Application selection criteria

All eligible applications (including all cancer types) will be considered. Winning proposals should meet the following criteria:

- They have the potential to address a significant, unmet clinical need or to inform treatment decisions.
- Both tumor tissue and blood or plasma samples are available.
- They present a novel idea for using Signatera to answer a clinical question.
- Preference to retrospective proposals matched with defined clinical outcomes.

How to apply

- Grant requests must be submitted to Natera using the online application form.
- Once the application is submitted, a confirmation email will be sent verifying that the application has been received.
- The deadline for application submissions is **December 4, 2020**, at 11:59 pm (PST).

The review process

- Natera's grant committee will review each application.
- Natera will perform due diligence.
 - Final application decisions will be announced on **December 18, 2020**.
 - All requests will be reviewed for compliance in meeting Natera's policies for grant funding.
 - Those awarded funding will be contacted regarding next steps, including initiating the grant process.
 - Grant initiation is subject to the award recipient's acceptance of Natera's terms and conditions, which will be provided to recipients.

Please contact us at signateragrants@natera.com with any questions.
